

Become the Branch of the Future with Prisma SD-WAN

Tired of unreliable branch office connections?

Legacy SD-WAN solutions fall short

No Active-Active Connections

No application awareness, impacting user experience

No Application SLAS

Limited to network SLAs, resulting in poor app performance

No Zero Trust Security

Inadequate protection for modern, distributed apps

Become the branch of the future

Red8 and Palo Alto Networks offer the industry's first Next-Generation SD-WAN with secure access service edge (SASE), built for agile, cloud-first organizations to deliver holistic security, exceptional user experiences, and automated IT operations.

99%

Reduction in trouble tickets by applying machine learning

45%

Reduction in security breaches with Prisma Access

10x

Increase in WAN bandwidth improves end-user experience¹

Simplify your network operations

Palo Alto Networks Prisma SD-WAN is a next-gen solution that provides:

Elastic Networks

Zero-routing network with a centralized controller-based architecture

App-Defined Fabric

Direct-to-app access with application-aware traffic engineering

Zero Trust Security

Integrated and cloud-delivered security for Layer 7 access control

AI-Powered Operations

AI/machine learning to automate complex IT functions

243%

Prisma SD-WAN's ROI²

Results you can count on

With Red8 as your trusted partner, you'll be able to unleash the full value of modern solutions like Prisma SD-WAN.

Exceptional User Experience

Real-time application performance SLAs and visibility

Holistic Security

One-click deployment to protect all users, apps, and assets

Operational Efficiency

Automated tasks increase productivity and reduce MTTR

Cost Savings

Bandwidth On-Demand reduces WAN costs by up to 45%

Digital transformation starts here

At Red8, we're passionate about working with our clients to architect IT solutions and services that solve their most difficult problems.

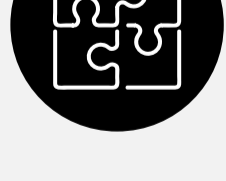

Comprehensive Services

Network design, implementation, and management.

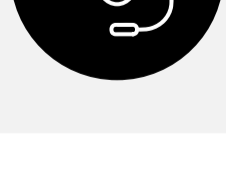

Industry Expertise

Deep understanding of available solutions and latest trends.

Customized Solutions

Tailored approaches to meet your unique business needs.

Ongoing Support

Experience a smooth transition and maximum return on investment.

Join the future of networking
